Mr. King then joined the Council for the rest of the meeting.

potholes remain a significant concern. They can be reported to SCC Highways. Cllr Smith reported that the Parish Council Precepts had been approved.

8. Proposed new date for the Annual Parish Council Meeting

- 8.1 The Annual Parish Council Meeting is scheduled to take place at the Village Hall on Thursday, 7 May. However, the local government elections are now taking place on that date so the Village Hall will be in use. The Council agreed that the APCM would be moved to Tuesday, 5 May at 7pm at the Village Hall.

9. Councillors Reports

- 9.1 Cllr Clarke gave the following reports:

9.1.1 Defibrillator

The defibrillator has been re-registered with Ambulance Control. The cabinet needs replacing. Cllr Clarke has investigated prices for replacement cabinets and identified several options. The best value option is supplied by WEL Medical at £399 plus VAT. Cllr Clarke recommended, and the Council unanimously AGREED that the Council purchase that cabinet. SCC Cllr Spicer has offered a grant of £500, the balance of which it is proposed be put towards replacement electric pads for the defibrillator which are required by September 2026. Cllr Clarke will contact the Village Hall about changing the cabinet as it is fixed to the Village Hall and needs to be connected professionally.

ACTION: CLLR CLARKE

9.1.2 Bus Stop outside The Swan

Suffolk Highways have said that there should never have been a bus stop at The Swan as it is private land up to the highway. They are proposing 2 new bus stops in Thetford Road. One, just past the playing field entrance (on route to the bend) and the other immediately opposite. The Council is supportive in principle but on the basis that Suffolk Highways should be asked to engage with the residents who will be impacted by the proposed new bus stops.

9.1.3 Playing Field

The Public Meeting on 2 March called by the Playing Field charity committee had been positive in attracting plenty of interest from residents in assisting with the development of the Playing Field. There was no interest from residents in becoming trustees of the Charity and the Council is proceeding with its move to become Sole Trustee of the Charity. The Playing Field Committee is to forward the draft replacement Governing

Document to the Charity Commission for guidance. Assistance from residents could be in the form of membership as non-councillors of a Parish Council sub-committee dealing with the Playing Field.

On Sunday, 1 March Cllrs Francis, Clarke and Sullivan and a resident moved the membrane to the area in the playing field where it will be loaded into the skip.

The membrane is non-recyclable which has impacted on the cost of the skip hire and disposal. For every additional ton an additional cost of £168 will be incurred. The weight will not be given by the contractor until the skip has been returned to their depot. The Council agreed a price of up to £600 for the skip hire, removal and disposal.

9.1.4 Suffolk Parish Councils group on speeding and safety:

Nothing to report

9.1.5 Support Our Buses

A meeting of the group is scheduled for next week. An additional year of funding may be available and a Saturday service may be trialed. However, ultimately the continuation of a bus service is dependent on it being used sufficiently.

9.1.6 Village Group liaison

The Bowls Club has received a grant of £15k from Sport England towards the new pavilion. With other grants, the Club has now raised approximately half of the funds required.

9.2 Cllr Francis gave the following reports:

9.2.1 Parish Councillor recruitment

Charlie King has been co-opted on to the Parish Council.

9.2.2 Community Development

Residents should all have received a 'Better Recycling' leaflet through their doors. Cllr Francis has asked WSC for a version of the leaflet in a form that can be posted on Facebook.

Able Community Care have produced a helpful postcard note on avoiding scams and are offering 'No uninvited visitors' stickers to residents. Cllr Francis will post information on Facebook and the Noticeboard.

10. Policies

Cllr Francis proposed and Cllr Clarke seconded that the following policies/documents be adopted by

the Council.

- 10.1 Website Accessibility Statement
- 10.2 Reserves Policy
- 10.3 Grants Policy and Grant Application Form
- 10.4 Complaints Form
- 10.5 Employee's Code of Conduct and Grievance Policy

Cllrs Clarke, Francis, Sullivan and Hines RESOLVED that the policies/documents be adopted. Cllr King did not vote as he had not seen the draft documents.

11. Clerk's Report

11.1 Cllrs Clarke and Francis attended the WSC Parish Forum in February. Cllr Clarke reported that this had been quite well attended. The issues of recycling, affordable housing and 20 mph speed limits had been discussed. The Clerk has attended training on Annual Meetings, and the Chair had received and read the training materials.

11.2 The Clerk provided an update on a VAT. A previous Internal Audit report had recommended that the Council liaise with HMRC about whether £28 of Insurance Premium Tax ('IPT') in a previous financial year had been wrongly reclaimed from HMRC as VAT. The Clerk had previously reported that it had not been reclaimed. However, he has now identified documents that suggest it was reclaimed. The VAT reclaim form itself is not available. The Clerk reported that dealing with HMRC generally on VAT and other matters has been extremely time consuming, involving hours of time on the phone, online and reviewing the Council's records. This has impacted on his ability to work on other matters for the Council and in working for more than his contracted hours. Matters had been considerably complicated by the fact that there have been 3 clerks during the period in question, documents including invoices were stored electronically, the Council's e mail address has changed with access to one of the accounts no longer available, and the Council having replaced its laptop. In addition to the £28 IPT issue, invoices for the 2023/24 financial year are not available for the reasons above. Without invoices to support VAT payments to suppliers a VAT reclaim cannot be made. It is likely that the amount of VAT would have been very small. Given the disproportionate amount of time the Clerk was spending on VAT matters, the limited hours the Clerk is employed for, and the impact it had been having on his ability to deal with other matters for the Council, and that not all historic invoices are available, the Clerk had sought the guidance of SALC. The advice received from SALC was that, given the matters stated above, it would be appropriate for the Council now to deal with the previous recommendation of internal audit that the Council liaise with HMRC by instead adjusting the next VAT reclaim by £28 to correct the apparent overclaim. Furthermore, the Council can resolve not to make a VAT reclaim for the 2023/24 financial year.

11.3 On the basis of the above, Cllr Francis proposing and Cllr Clarke seconding the Council unanimously RESOLVED that the Council's next VAT rebate claim should be adjusted to correct the previous £28 overclaim and that the Council will not make a VAT reclaim for the 2023/24 financial year.

11.4 The Clerk reported that the following issues identified in previous Internal Reports had been dealt with:

11.4.1 The VAT/Insurance Premium Tax issue (see above)

11.4.2 The latest versions of the Standing Orders and Financial Regulations had been adopted

(including up to date procurement thresholds)

11.4.3 SALC's Letter of Engagement for the Internal Audit for 2024/2025 had been approved

11.4.4 A Website Accessibility Statement had been approved

11.4.5 The working from home allowance had been correctly recorded in the AGAR

11.4.6 A note had been published regarding the late publication of the documentation supporting the period for exercise of Public Rights.

12. **Finance**

12.1 VAT - The Council has received its VAT reclaim on payments in the 2024/25 financial year

12.2 Skip hire – see 9.1.3 above

12.3 SALC Letter of Engagement - The Council approved the SALC Letter of Engagement as the Council's internal auditor for the 2025/2026 financial year. The Chair signed the Letter.

12.2 Banking arrangements - Cllr Francis has researched various interest bearing accounts for the Council's funds. She recommended that the Council open an interest earning instant access savings account with Lloyds. There were other interest bearing accounts but some of those require notice of withdrawals and opening an additional account with Lloyds should be straightforward as they are the Council's existing bank. The Council unanimously agreed to proceed with the opening of that account.

ACTION: CLLR FRANCIS

12.3 Internal Control Statement – the Chair had undertaken a review of the Council's Internal Controls. The completed Internal Control Statement had been circulated to the Council for review in advance of the meeting and was formally presented to and received by the Council at the meeting.

12.3 To review income and expenditure from 1 April 2025 to 28 February 2026:
