The primary objective of internal audit is to review, appraise and report upon the adequacy of internal control systems operating throughout the council. To achieve this SALC adopt a predominantly systems-based approach to audit.

The council's internal control system comprises the whole network of systems established within the council to provide reasonable assurance that the council's objectives will be achieved, with reference to:

- the effectiveness of operations
- the economic and efficient use of resources
- compliance with applicable policies, procedures, laws, and regulations
- the safeguarding of assets and interests from losses of all kinds, including those arising from fraud, irregularity, and corruption

- the integrity and reliability of information, accounts, and data

Methodology

When conducting the audit, the internal auditor may:

- conduct a selective assessment of compliance with relevant procedures and controls expected to be in operation during the financial year in order to be able to complete the Annual Internal Audit Report 2025/26 of the Annual Governance and Accountability Return (AGAR)
- review the reliability and integrity of financial information and the means used to identify, measure, classify and report such information
- review the means of safeguarding assets and, as appropriate, verify the existence of such assets
- appraise the economy and efficiency with which resources are employed, identify opportunities to improve performance and recommend solutions to problems
- review the established systems to ensure compliance with those policies, procedures, laws, and regulations which could have a significant impact on operations, and determine whether the council complies
- review the operations and activities to ascertain whether results are consistent with objectives and whether they are being conducted as planned

Section 2 – Budgetary controls		
The internal auditor will seek verification that budgets are properly prepared, agreed and monitored. In particular they will look for evidence of good practice in that the key stages of the budgetary process have been followed		
Evidence		Internal auditor commentary
<i>Verify that budget has been properly prepared and agreed</i>	Yes	The budget for the year 2025/2026 was approved at the Council meeting of 9 January 2025 although there is no clear confirmation within the minutes as to the final budget figure being set. The minutes detail the precept and implications for Band D Council Tax. Budget papers as seen on the website provide details on the budget. <i>COMMENT: to ensure transparency in the budgetary process Council might wish to evidence, by recording within the minutes, the budget being set alongside the reasoning for such a budget.</i>
<i>Verify that the precept amount has been agreed in full Council and clearly minuted</i>	Yes	The precept was set at £12,603 for 2025-26, as confirmed at the above meeting, with the paperwork demonstrating that this was a 19.80% increase over that set the previous year.
<i>Regular reporting of expenditure and variances from budget</i>	Yes	The minutes evidence that Council carried out its regular review covering the budget for the current year with a review of income and expenditure against budget along with forecasts for the remainder of the year
<i>Reserves held – general and earmarked²</i>	Yes	The Council, as at year-end, had Earmarked Reserves totalling £5,050 with the balance being General Reserves of £11,790 with overall reserves standing at £16,840

² In accordance with proper practices, the generally accepted minimum level of a Smaller Authority's General Reserve is that this should be maintained at between three (3) and twelve (12) months of Net Revenue Expenditure

		<p><i>COMMENT: council is advised to note guidance as issued by Proper Practices which states that it is regarded as acceptable for a council's general (non-earmarked revenue) reserves to be equal to 3 to 12 months of Net Revenue Expenditure. There is no upper limit for earmarked reserves, but they should be held for genuine and intended purposes and their level subject to regular review and justification (at least annually).</i></p> <p>Council adopted a Reserves Policy on 5 March 2025, which provides clarity on the reasoning behind the holding of and intended level of general reserves to be maintained to ensure that the Council achieves the recommended levels.</p>
<p>Additional comments: <i>in the main, Council has followed the recommended key stages as to the budgetary process for the year: decided the form and level of detail of the budget; reviewed the current year budget and spending; determined the cost of spending plans; assessed levels of income; brought together spending and income plans; provided for contingencies and considered the need for reserves; approved the budget; confirmed the precept or rates and special levies; and reviewed progress against the budget regularly throughout the year.</i></p>		

<p>Section 3 – Proper bookkeeping The internal auditor will look at the methods and processes used to manage the council's accounts and in particular that it provides clear data for reporting and monitoring purposes. This includes checking information is accurate, kept up to date, referenced and verified.</p>		
Evidence		<i>Internal auditor commentary</i>
<i>Is the ledger maintained and up to date?</i>	Yes	<p>The council uses an excel spreadsheet to produce reports on a Receipts and Payments basis and ensures that the financial transactions of the parish council are as accurate as reasonably practicable. All transactions are well referenced and provide an effective tool for the basis of the council's internal controls.</p> <p>It provides data for analysis allowing the RFO to produce clear financial management reports.</p>

<p><i>Is the ledger on the correct basis in relation to the gross income/expenditure?</i> (under Proper Practices, Councils are required to work on an Income & Expenditure basis when their gross income, or gross expenditure, exceeds £200,000 for 3 consecutive years)</p>	Yes	<p>Council's gross income and expenditure level is below the threshold of £200,000 and has been for three continuous years. Council's operating under this limit may choose either to report on an income and expenditure basis or on a receipts and payments basis. Council has elected to report its financial matters on a receipts and payments basis.</p>
<p><i>Is the cash book up to date and regularly verified?</i></p>	Yes	<p>Council follows Proper Practices in ensuring that its accounting procedure gives an accurate presentation of the financial position and provides good evidence to support the council's underlying statements which are verified by council.</p>
<p><i>Is the arithmetic correct?</i></p>	Yes	<p>A number of spot checks were carried out and the functionality of the cashbook was found to be in order.</p> <p><i>COMMENT: The RFO has shown best practise by ensuring, for further transparency and scrutiny, that all payments and receipts are referenced with a description as to the expenditure and income being incurred to ensure the integrity of data being input and processed.</i></p>
<p>Additional comments: Council might wish to ensure that the minutes make reference to the powers used to incur expenditure. Statutory powers are granted by Parliament and give local councils the choice or opportunity to take action and are therefore discretionary. Like all powers given to public bodies the powers of local councils are defined in detail in legislation and these details may include a requirement to obtain the consent of another body. Local Councils must exercise their powers subject to the provisions of the general law.</p>

The internal auditor will examine how regular payments are managed and specifically seek evidence that these have been brought back to the Council for verification purposes especially where the actual payment made differs from the amount previously agreed. The internal auditor will check if the Council has a clear understanding on eligibility in relation to the General Power of Competence and that s.137 has been correctly applied and managed.		
Evidence		<i>Internal auditor commentary</i>
Is there supporting paperwork for payments with appropriate authorisation?	Yes	<p>A selection of expenditure items were made and cross-checked against the cash book, invoices and bank statements. At each full council meeting a list of payments is presented to ensure formal approval of expenditure and this is correctly minuted. This demonstrates good practice in that there are measures in place that help safeguard public money supported by a straightforward and clear audit trail for each payment.</p> <p><i>COMMENT: Council is advised to implement 'power to pay' noting that it is the responsibility of Councillors to satisfy themselves that they have the appropriate legal power to incur expense and ensure that they refer to the exact power being used to ensure that all financial decisions or payments being made are in accordance with statute and the Council is not undertaking any decisions or payments that are ultra vires.</i></p>
Where applicable, are internet banking transactions properly recorded and approved?	Yes	<p>Internet banking is operated in accordance with the Council's own Financial Regulations and is used for the settlement of the Council's expenditure. The Internal Control Statement details the procedure to be followed for such payments.</p> <p><i>COMMENT: There is clear evidence of good practice - payments are checked by two councillors against invoices and online authorisation is then completed demonstrating the council is working in line with its own Financial Regulations. A schedule of both due and retrospective regular</i></p>

The year-end balance stands at £120.66 which is still to be claimed.

Are payments under s.137 ⁴ separately recorded, minuted and is there evidence of direct benefit to electorate?	Yes	<p>Council clearly identifies s137 payments within its cashbook. Payments are reported to full council and are of clear benefit to the electorate.</p> <p>Payments for the year under review total £2,660.60 and are in accordance with statutory limits.</p> <p>Following a review of the payments made and understanding that s137 is a power of “last resort” the following should be noted: for expenditure incurred in maintaining land for public recreation the power to be used should be Public Health Act 1875 s.164 or for maintaining land for open spaces in or outside of the Council's area then Open Spaces Act 1906 ss.9 and 10 should be used.</p>
Where applicable, are payments of interest and principal sums in respect of loans paid in accordance with agreements?	Yes	Council has no such loan
<i>Additional comments:</i> <i>The Council might wish to consider, in order to show good practice, implementing a system whereby evidence is retained showing which Councillors authorised the on-line payments thereby ensuring that there is an effective system in place to reduce the</i>		

³ Localism Act

⁴ Section 137 of the Local Government Act 1972 (“the 1972 Act”) enables local councils to spend a limited amount of money for purposes for which they have no other specific statutory expenditure.
